

7th grade English 9 Weeks Assessment

Last week, you read three pieces on honesty and integrity: a blog containing advice on how to live with integrity; an article about a homeless man's honesty; and a blog from a teacher concerned about the integrity of his students. For this 9 weeks assessment, you will be answering the following prompt:

You will need to explain why integrity matters.

How are the homeless man's story and the teacher's blog examples of the importance of integrity? In order to answer this, please apply the "How to Live With Integrity" advice to each of the real-life examples from the readings.

The "How to Live" article lists FOUR habits every person with integrity should have; explain how ONE of these habits is used in EACH of the OTHER stories (the homeless man article and the teacher's blog). Use a DIFFERENT habit to explain each article.

Your end product will be a well-written essay using four or more paragraphs. Use the space below for brainstorming.
