

Gospel HW 1 (75 items)

**For this assignment you will be pretending to follow in Josh's footsteps by limiting yourself to 75 ITEMS in your life. Let's have you itemize and list what those 75 items would be.

**You will create your LIST of 75 ITEMS and either write them into your notebook or type them up and tape them in. Either is fine, and it is your choice.

**You do NOT have to actually limit your stuff. Just come up with the list that you WOULD do if you HAD to.

**Once you've created your list, you must then go through and EXPLAIN TEN items on your list and tell us WHY this particular item is so important and has to be there. Explain using 2-3 SOLID sentences for EACH item so you can convince us it has earned that spot. Don't be lazy. And other people WILL be reading your list.

**Use my list below as a guide when creating your own list. You only need to list items that are "yours", and not "family items". If a TV or computer is in YOUR room, then it is yours. If it is in a "family area" and everyone has access to it, then it is not yours and you don't have to list.

-Don't list "consumable items" - toothpaste, food, toilet paper, etc.

-You may combine some items together (i.e. THREE pairs of pants) if they are the same. But don't be lazy (i.e. 1-25 CLOTHING STUFF) when you do it.
