

Gospel HW 2 (Playlist)

For this assignment you will create a 10 SONG PLAYLIST for any character from the book.

For each song:

**list the title

the musician who created it **and

****brief explanation of WHY you think the character would choose that song.**

If you have trouble thinking of a song, then use Google. Type in an idea you think connects to a character and then "song lyrics" after it and see what comes up.

There is not a length requirement for this. I am looking for you to get your point across, however long that might take. If you can explain the song in a sentence or two, then do it. If it takes you a page, then that's fine too. I am looking for a completed message, whatever that might be.

We will adjust the rules as we go along. There are no right or wrong answers on this (as long as you follow the "ever-changing" rules), as I just want to get you thinking (and hopefully discussing with your comments).

Don't be lazy. And other people WILL be reading your list.
