

Gospel HW 3 (Sermon)

For this assignment you will write a SERMON of your own (much like Josh posts to the website in the book). Your sermon will cover any topic that is important to you, and is an issue that you feel strongly about. Your goal is to either "enlighten" us about this issue, or convince us of seeing it from your viewpoint.

I am pretty open as to what the topic may be as long as the subject matter doesn't go against school policy (ex: don't try to convince us to take up smoking).

There are multiple examples in the book of Larry's sermons for you to use as a guide.

Sermon #93 (pg 12) – Consumerism

Sermon #97 (pg 35) – worthless "friends"

Sermon #133 (pg 54) – Phonies

Sermon #163 (pg 81) – Being a celebrity

Sermon #213 (pg 108) – Being alone

Sermon #271 (pg 118) – positive festival experience

Sermon #272 (pg 129) – changed the world

There is not a length requirement for this. I am looking for you to get your point across, however long that might take. If you do it in a paragraph, then do it. If it takes you a page, then that's fine too. I am looking for a completed message, whatever that might be.

We will adjust the rules as we go along. There are no right or wrong answers on this (as long as you follow the "ever-changing" rules), as I just want to get you thinking (and hopefully discussing with your comments).
